

# Mark Bowley

Web Designer and Front-End Developer

**www.melovewebdesign.com**  
**mark@melovewebdesign.com**

Surrey, England

## Experience

I am self taught with over 10 years of experience to offer. I am still technically a junior web designer/developer but consider my self to be very knowledgeable and I am always looking to learn more.

## Skills

My main skills are Photoshop, HTML, CSS and Wordpress themes. I build Wordpress themes from scratch without any frameworks. Beyond coding I consider my self to be a capable leader having in the past run a major fan site directing a team of administrators and bloggers and working along side employees from Sony PlayStation and Media Molecule organizing various ventures form community members.

Design: **Photoshop / Illustrator (basic)**

Dev: **HTML (extensive) / CSS (extensive) / Vanilla Js (basic) / JQuery (basic) / Php (basic) / Wordpress (extensive)**
